Dear BCN Team,

So much has happened in a week! First, we hope that you are all staying healthy and safe during this time and adjusting to our temporary new normal. We remain unaware of any case that is linked directly with our school communities and continue to encourage people to participate in social distancing and keeping themselves and loved ones safe.

Yesterday, the Governor announced an extension of the school closure through April 6th. This announcement brings with it some unanswered questions around the potential cancellation of Spring Break, originally scheduled for April 6th-April 10th, in order to make up some lost days. For now, we intend on being prepared to remain closed through the 6th and will be in touch regarding Spring Breaks days early next week.

Technology has certainly been a saving grace keeping so many of us in touch both personally and professionally. For BCN use, we have compiled the following list of technology platforms with helpful guides to help keep us all connected.

Please keep reaching out to our students and families. The online learning that is happening within our school communities is impressive. We are excited that this week our schools will be adding web pages with additional content to our continued outreach efforts. These can be accessed through our website on the individual school pages.

As the pandemic unveils we will continue to update you. Stay safe and we look forward to hopefully being together soon! We have got this!

Sincerely,

Jennifer Faustman, CEO
