CEO Update

Summer Learning & Operations: Summer programming was successfully held at Inquiry, Belmont Academy, and Belmont High School through CEAWP, with all enrollment and attendance requirements met. Inquiry hosted Belmont students in grades 1–8 for the second year, providing air-conditioned learning spaces and playground access. Staff reported fewer student conflicts during recess. The 4030 Brown property discussions remain unchanged, with no signed lease in place since 2012.

Charter Renewals & Enrollment: Both Inquiry and Belmont are up for charter renewal this year, with significant Board participation required for upcoming focus groups, the November 18 Board observation, CSO meetings, and Board preparation. All schools are currently on track to meet 2026–27 enrollment targets, with enhanced family outreach and above-target enrollment where possible to offset expected withdrawals.

Financial Oversight

June 30 Financials: Financial reports through June 30, 2026 are available for Board review. All three entities are projected to finish the year close to budget, supported by temporary year-end spending controls and an additional donation secured for Belmont. Final results remain subject to change pending completion of the financial audits currently underway.

M. Karp called for public comment and no public comment was made.
